

MissWit Designs Custom Tees For Your Good Times!

Miss Wit Designs - hip, personalized, custom designed tees for your organization, band, campaign, event and more.

Whether it is your logo or design or we create one for you, Miss Wit Designs provides custom printing on standard and fashion tees, totes, aprons or the garment of your choice. You can start with a small run, or hundreds, with no extra cost for reprints.

Miss Wit Designs specializes in working with non-profits and local organizations to create a marketing/t-shirt campaign that is affordable and quick, with no sacrifice to quality and look. Often projects require multi-designs. Deborah will work with you on an individualized basis. As such pricing is done on a project by project basis. We provide a general price list and move on from there once your specific needs are narrowed down.
